(U) Open Source Intelligence (OSINT) & Innovation in the Intelligence Community

Andrew Roberts
Senior Defense Intelligence Analyst for Open Source Strategies, PDD/II

24 JUNE 2014

One Mission. One Team. One Agency.
Committed to Excellence in Defense of the Nation

This briefing is classified UNCLASSIFIED

(U) The Emerging Security Environment

(U) Pace and nature of security events increasingly difficult to assess

(U) Governments no longer have decisive information edge

(U) The Emerging Security Environment

(U) Potential adversaries, terrorists and international criminals taking full advantage of globalization benefits

(U) Insufficient surveillance and inadequate access to trouble spots a growing concern

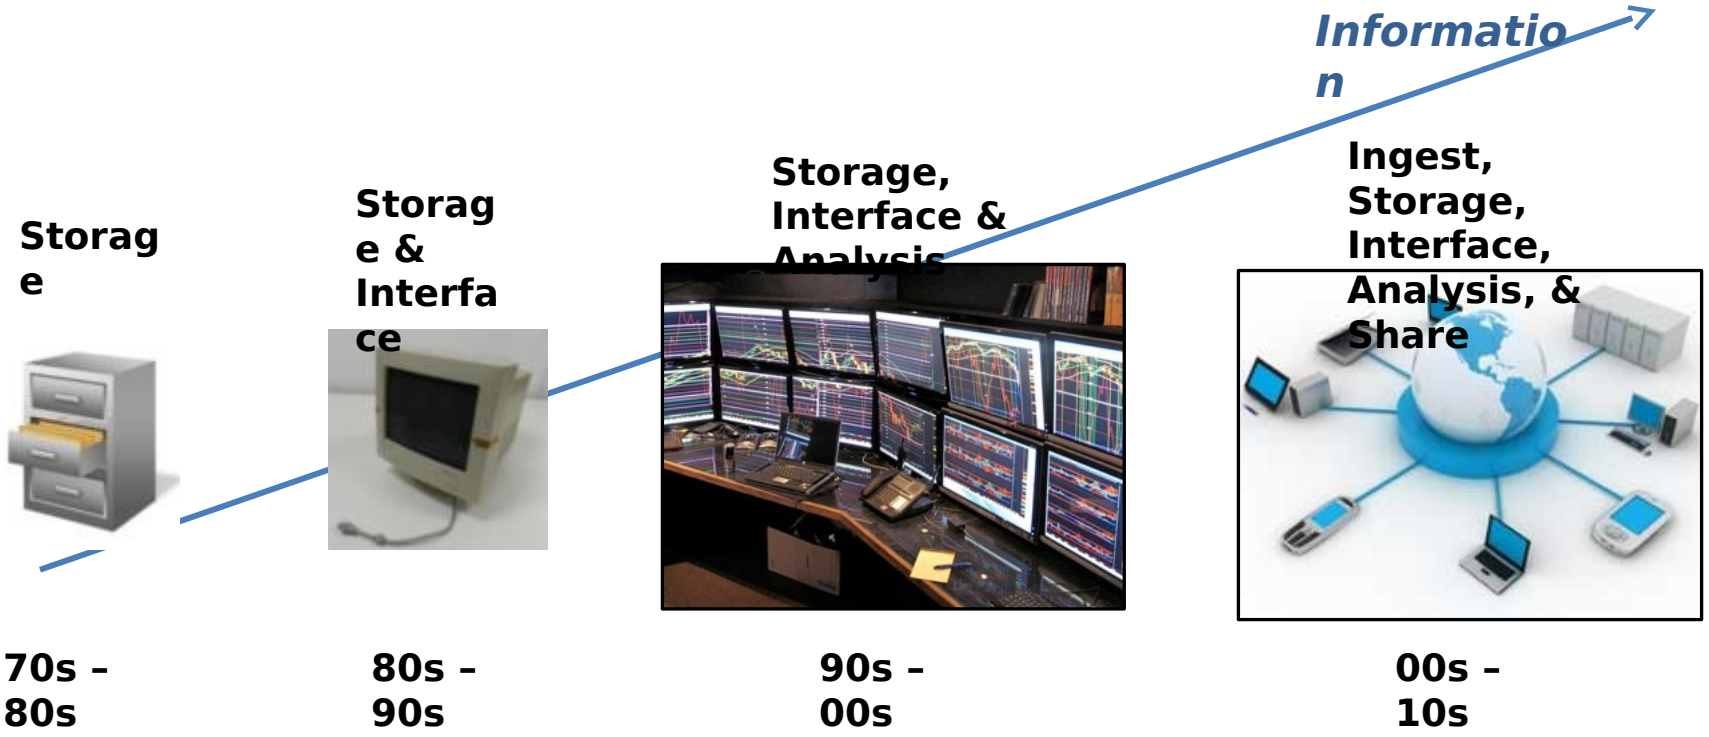
(U) Information environment is shades of gray

- Difficult to discern friendly, neutral, and adversary

TRASIEGO BAJO EL MAR
e-consulta.com
Los semisumergibles "torpedo" son de los más rústicos y económicos. Embarcaciones "pantalla" los arrastran a 30 metros de profundidad y son soltados al llegar a puerto para luego descargar la droga
Vista frontal
Respiradero
Permite que el tripulante obtenga aire de la superficie
Zona de operación
Desde esta posición se controlan las válvulas del submarino
Boyas
Permiten la flotación sin que el peso reviente el cable que lo remolca
Aletas
Aire comprimido
Proporciona nivelación y se utiliza para expulsar el agua de los tanques de lastre
1.90 m
Aletas
Dan estabilidad a la nave
Tanques de lastre
Se inundan de agua para que el submarino se sumerja
Vista lateral
Propela
Conectada al motor impulsa al vehículo
2.40 m
Cargamento
Con capacidad para transportar hasta 1,256 kg de droga por compartimento
3.00 m
Motor

(U) Information Technologies & the Internet

(U) Rapid advances in communications, transportation, and information set the stage



(U) Information Technologies & the Internet

(U) The internet and IT tools revolutionizing open source intelligence

- Access
- Content
- Flow
- Quality
- Automation

(U) The Internet in 60 Seconds

- ***200+ e-mails sent***
- ***nearly 600 websites created***
- ***50-75K+ social networking posts***
- ***75-100hrs of video uploaded***
- ***Nearly 300K social networking***

(U) Priorities, Focus, & Collaboration

(U) Goal: Weather the data storm and keep DIA on the right course

(U) Innovation is vital to harnessing the deluge of information and taking advantage of new technologies

(U) Priorities, Focus, & Collaboration

(U) Public and private partnerships critical to focusing intelligence efforts

- Increase capacity of analysis & efficiency of OSINT
- Enable force multipliers
- Take advantage of other “boots on the ground”

(U) Always vigilant on security & mindful of authorities

(U) Priorities, Focus, & Collaboration

(U) IARPA Open Source Indicators (OSI) Program

- Promoting information discovery
- Managing information inundation

(U) The OSI Program aims to develop methods for continuous, automated analysis of publicly available data

- Anticipating and/or detecting significant events
- Fusing early warning indicators of events from multiple publicly available data sources
